Time	Presenter	Title
9:00	Megan Milligan	Opening Remarks
9:05	Ellie Kwit	Exploring Phenological Mismatch in Olive-Sided Flycatchers (<i>Contopus cooperi</i>) in Boreal Alaska
9:25	Matt Kynoch	Fort Wainwright Army Garrison Wildlife Database Curation and Analysis
9:45	<i>Additional Q&A for Presenters</i>	
9:50	Sam Simon	A Predictive Map of Surfbird (<i>Calidris virgata</i>) Distribution in the Steese National Conservation Area
9:55	Sarah Swanson	Comparative Genomic Dynamics of Interior Alaskan Small Mammals
10:00	Miles Spathelf	Moose and Caribou Barrier Behavior
10:05	Sarah Trujillo	Evaluating Monitoring Approaches for Wolves on Prince of Wales Island, Alaska
10:10	Tony Zambito	Investigating Sitka Black-Tailed Deer Habitat Use on Prince of Wales Island, Alaska
10:15	Dakota Keller	Using Macroinvertebrate Community Response to Assess the Cripple Creek Stream Restoration
10:20	<i>Coffee Break</i>	
10:50	Elizabeth Lindley	Developmental Temperatures and the Colonization of Arctic Rivers by Pacific Salmon
11:10	John Hermus	The Effects of Thermal Stress on the Growth of Juvenile Chinook and Coho Salmon
11:30	Eli Wilson	Shorelines and Salmon: Assessing Boat Wakes, Erosion, and Spawning Sockeye Salmon Distribution at Big Lake, Alaska
11:50	<i>Additional Q&A for presenters</i>	
11:55	Hannah Vincelette	Lesser Yellowlegs with a Greater Impact: Identifying Stopover Habitats for Conservation within the Prairie Pothole Region
12:00	Lauren Yancy	Rivers Rust and Biota Adjust: Impacts on Stream Biota in a Rusting Watershed
12:05	Thomas House	Gold, Gravel and Growth: Long Term Impacts of Placer Mining in Subarctic Stream Communities
12:10	Nate Cathcart	Lamprey Distributions, Ecology, and Genetics in Alaska
12:15	Rebecca Shaftel	Projecting Future Stream Temperature Changes in the Yukon and Kuskokwim Basins and Investigating Impacts on Salmon
12:20	Joe Spencer	Seaward Migration and Overwintering Habits of Dolly Varden in Northwestern Alaska Analyzed Using Otolith Microchemistry
12:25	Isaac Nyameke	Assessment of Spatial and Temporal Trends in Life-History Traits of Southeast Alaska Sport-Caught Black Rockfish (<i>Sebastes melanops</i>)
12:30	Jeff Muehlbauer	Concluding Remarks
12:35	<i>Catered Lunch</i>	
14:00	Coordinating Committee Meeting	Elvey Globe Room 2:00 – 5:00 pm <i>All are welcome</i>
